Andy's Action Parties

What we offer

Let us take the hassle out of entertaining your child and friends at their birthday party. Having entertained over 100 000 children at parties in the last 16 years we know what they like and we are constantly improving our offering too. Below are our offerings, see the exciting themes that we offer and the related pricing.

Parties are suitable for children aged 6 to 13; we adapt themed activities per party to ensure that they are age appropriate. We do not have a venue of our own; we can come to your house / venue anywhere in Gauteng.

Serious about fun! An oxymoron but it's how we feel about kiddies parties, we are constantly developing new games and activities and working seriously hard to make sure that our parties are the most fun a child can possibly have at a Birthday Party!

Since its inception in 2002, Andy's Action Parties has grown from a small one man student run business into one of Johannesburg's best party entertainment providers, doing parties for kids in Gauteng and team building events for companies too. Although the company has grown tremendously we still have that unique personal touch that got us where we are today, everything we do is focused on providing the ultimate best personal service that we possibly can.

Our aim is to allow moms to forget about the kids and have tea with her friends with the confidence that someone she trusts is having an awesome time with their kids. And that they will no doubt go to sleep early tonight!

Please visit our website for additional party resources that will help you in all the stages of planning your child's best birthday party ever.

Scroll down to see the exciting themes on offer from Andy's Action Parties. Please note that the activities listed are a guideline only, the games at your party may differ slightly as we are constantly changing and improving our offering and we adapt to suit the specific group.
